Close by but a world away, the Kennebunks are a picturesque seaside community located in Southern Maine off Exit 25 on the Maine Turnpike — nestled on the coast halfway between Portland and Portsmouth, NH. Offering natural beauty, history and culture, Kennebunkport, Kennebunk and Arundel are a modern escape with timeless appeal. Our community offers personalized shopping “with a view” at our family-owned, one-of-a-kind storefronts, plus world-class cuisine and accommodations ranging from historic inns to modern hotels. In town for a day or a week, you can surf, take a boat tour, stand-up paddleboard or try your hand at deep-sea fishing. Our sandy beaches and the waters of the Kennebunk and Mousam rivers offer recreational options as well. Whatever your pleasure, isn't it time you discovered all we have to offer?

The Kennebecs are so close! By car, we're approximately 90 minutes from Boston, under five hours from New York City, and 30 minutes from both Portsmouth and Portland. The Kennebecs are a year-round destination, featuring spectacular fall color, our festive Christmas Prelude, a monthlong Paint the Town Red celebration in February, and LAUNCH! Maritime Festival in June. The Kennebecs are a favorite destination for many, including the late President George H.W. and Barbara Bush who spent the summer months at their home on Walker's Point (below, right) and were often spotted around town enjoying everything our area has to offer. Come see for yourself why the Bush family returns every year to the Kennebecs!
