Lani Dietz, daughter of Kathy and the late Tim Dietz, came back to her hometown last month to open the new Maine & Vine in the spot where Downeast Wines was located.

**How long has your business been open?**

Opened Dec. 15, 2019

**Products offered:**

Wine/Beer

**What makes your business special?**

My passion for what I do started in this community, and I couldn't wait to come home after 10 years away and share my enthusiasm for customer service with both locals and those "from away".

**Best thing you do/serve:**

Adding Maine craft beer to an already established wine shop will bring in a whole new crowd — beer drinkers may find they enjoy a certain type of wine or two!

**Something people don't realize about your business/services?**

We have parking in the back! Something very coveted in the area. I also plan on having ready-made gift baskets available and in the summer start to deliver!
