### April 24, 7:30-10:30 a.m. Birding by Ear.

Expert bird mimic Dan Gardoqui will help you connect with birds you can't see by teaching you their songs and calls, as well as what they're saying. We will do a little exploring on the trails of the Wells Reserve and a lot of listening carefully. Dan will mimic bird sounds as you find and watch the actual birds. If you're experienced with visual bird identification, this course will be a good next step in building your birding skills. \$30/\$25. Registration required at [suzanne@wellsnerr.org](mailto:suzanne@wellsnerr.org) or 207-646-1555 x116. Co-hosted by Wells Reserve and York County Audubon. FMI [wellsreserve.org/calendar](http://wellsreserve.org/calendar).

### April 26, 12-1 p.m. Demystifying Sea Level Rise and Flooding Projections.

This class will help participants to understand various sea level rise projections and how they can be applied when addressing coastal flooding. Learn to navigate the variety of projections available by focusing on the science. What is known, what is still uncertain, and how are projections developed? This course qualifies for continuing education credit. \$10. Registration required. FMI [wellsreserve.org/calendar](http://wellsreserve.org/calendar).

### April 27, 11 a.m.-12:30 p.m.

Wednesday Walk. It's almost May. How are seasonal signs changing along the trails of the Wells Reserve? Explore nature through a creative lens while walking a mile or more in about 90 minutes. Free. Registration required at [caryn@wellsnerr.org](mailto:caryn@wellsnerr.org) or 207-646-1555 ext 110. FMI [wellsreserve.org/calendar](http://wellsreserve.org/calendar).
