KPort Bagel

Owner?

Ali, Owner & Shop Manager

How long in business?

Just opened!

Primary business/service offered?

New York Style Bagel Shop including coffee, seltzer water, Italian ice and local giftware.

What makes your business special?

Local & Authentic! Our sourdough/NY style bagels are made fresh daily using the highest quality ingredients.

Best thing you sell/serve/do?

Our traditional plain bagel can't be beat! It's always fun to try different flavors and combinations of spreads but the OG plain bagel is what our dream was built on.

Something people don't realize about your business?

The biggest "secret" to our success would be the time we spent down in NJ this past summer learning the in's & out's of how to bake a delicious bagel. It certainly isn't just about the water as so many of us have been persuaded to believe.
