

# Clean Slate Auto Salon

## Owner?

Vito Colaneri

## How long in business?

8 months!

## Primary business/service offered?

Auto detailing and ceramic coating!

## What makes your business special?

I have 20+ years of experience. I have learned many tips and tricks to get just about any car looking brand new again. I grew up in my dad's shop so I'm very mechanically inclined. We can offer more than just cleanings. We can do accessory installations as well!

## Best thing you sell/serve/do?

Paint corrections with ceramic coating to seal it. It makes the paint on the vehicle look brand new for up to 10 years!

## Something people don't realize about your business?

Some people don't realize why proper details cost so much. The average interior detail takes about 4 hours to complete to our high level of standards. We are always willing to work with customers depending on their budget.
