

SPOTLIGHT

a weekly feature of the Kennebunk-Kennebunkport-Arundel Chamber of Commerce

Cleaves Energy

Owner?

Josh Cleaves, President

How long in business?

1 Year!

Primary business/service offered?

Home heating oil delivery.

What makes your business special?

We are one of few oil companies that is locally owned and operated. We deliver from the Kennebunks to Freeport and will beat the price of other companies in your area! Our interest is in keeping our neighbors warm without the extra fees and hassle.

Best thing you sell/serve/do?

Our customer service is top notch! We do our best to get to customers the next business day and not only deliver heating oil but smiles and dog treats too!

Something people don't realize about your business?

We are family owned and operated. When you call to order, you'll often be talking to the President of the company. It has come with struggles being such a small operation, but it has been worth it to create something we are proud of. We know that we will keep our same values as the business grows.
