

# SPOTLIGHT

a weekly feature of the Kennebunk-Kennebunkport-Arundel Chamber of Commerce

## SCORE Seacoast

### How long in business?

SCORE Seacoast has been in existence since 1967!

### Primary business/service offered?

We offer free and confidential business mentoring services to entrepreneurs in the New Hampshire, Southern Maine and Northern Massachusetts area. We offer access to resources such as workshops, webinars, templates, e-guides, blogs, guides and other business tools. We have 72 Volunteers with expertise in all areas of business ready to answer questions, give advice, solve problems, and help businesses grow.

### Something people don't realize about your business?

People do not realize that SCORE Seacoast mentors' entrepreneurs in all stages of their business, whether you are a start-up or you have been in business for years. You can ask questions, get confidential advice on any aspect of small business for free. There is no membership requirement to receive SCORE counseling.

### Best thing you sell/serve/do?

We offer dual mentoring, that is; two mentors to one client. This offers clients a broader perspective & diversity when approaching problems, answering questions and getting advice. A client can have as many sessions as they like. Our Mentors assist in anything from providing guidance on cash flow management, how to start or operate a business, how to buy a business or franchise, or how to sell a business.
