

# Knit Happens by Kathy

## Owner?

Kathy Morris

## How long in business?

2 years!

## Primary business/service offered?

Hand-made winter apparel and novelty hats for the holidays!

## What makes your business special?

Now in my "retirement" I knit love and my creativity into every hat and craft! Folks seem to especially love my Prelude hats (lobster, Prelude tree, reindeer, lighthouse, hot cocoa in particular) because they're so "Kennebunkport" and literally one-of-a-kind!

## Best thing you sell/serve/do?

Making YOU look good while staying warm. (And the pure joy that gives ME seeing you look good while staying warm and loving my hats!)

## Something people don't realize about your business?

Everything is hand-made by me! (My husband Steve hand-whittles my wooden buoy decorations/earrings from dowels!) I use some hand-machines and hand-tools for efficiency, and I personally craft and decorate all of my hats and products so no two are alike!
