Southern Maine Hospital for Small Mammals

Owners?

Matthew and Amy Ford

How long in business?

7 months

Primary business/service offered?

We are a primary care hospital that exclusively sees exotic companion mammals like rabbits, rodents, ferrets and hedgehogs.

What makes your business special?

We are the only hospital in Maine that is wholly dedicated to the care of these wonderful but underserved creatures!

Best thing you sell/serve/do?

Compassionate care is at the center of everything we do.

Something people don't realize about your business?

We can provide the same level of care as your family vet does for your cat and dog! We have an in-house laboratory, x-ray, ultrasound and even a small pharmacy!
