Crystal Cole

How long in business?

5 years

Payment processing/POS
and payroll/HR.

What makes your business special?

As an Independent Consultant, I am able to offer competitive processing rates and a variety of POS options with full support through upload and implementation, as well as payroll/HR services that are unparalleled with rates equally as competitive.

Best thing you sell/serve/do?

I take care of my clients, I answer their calls and I do what's right for them. Too many people out there are quick to "sell" and "slow to service." My clients work hard and their businesses matter. I respect them, and I love what I do!
