

# Harmonic Egg Saco Healing Waves

## Owner?

Judy Stark

## How long in business?

Since October, 2023.

## Primary business/service offered?

Energy healing, sound and light therapy (alternative or complement to conventional medicine).

## What makes your business special?

Harmonic Egg Saco was the first to arrive in Maine. It is energy healing, sound and light therapy in an all-in-one, hand-crafted wooden chamber. It is a place for deep relaxation and the frequencies emitted empower the body's own healing energy. The body can heal itself given the right environment. It is non-invasive and safe for children, adults and pets.

## Best thing you sell/serve/do?

We serve the client an experience in a peaceful setting. One that is precisely controlled, consistent and repeatable. The client experiences gradual deepening relaxation while being in the resonant vibration of music & color lights.

## Something people don't realize about your business?

It's the thing you didn't know you needed and one session can significantly improve your life. Our life story contains emotional trauma and stress at times. These are all stored in our cellular memories. If left unbalanced, it could lead to disease. The Harmonic Egg resets the autonomic nervous system so the body can work on healing itself.

## Contact Information

110 Main St., Suite 1210, Saco  
 Open Tues.-Sun. by appointment  
 (207) 831-4344
