

The Treat Truck

Owners?

Melanie & Steve Smith

How long in business?

6 months!

Primary business/service offered?

An ice cream and desserts food truck.

What makes your business special?

We wanted to elevate the traditional ice cream truck experience, so instead of prepackaged treats we offer a full scoop shop on wheels! We bring the fun to any event you are planning. We've done graduation and birthday parties, employee appreciation events, reunions, car shows, and even a dog show!

Best thing you sell/serve/do?

We are always having fun coming up with new sundaes and specials to offer. One of our top items is the Reese's Sundae - chocolate ice cream, hot fudge, peanut butter sauce, Reese's pieces, mini Reese's cups and whipped cream. You can always build your own sundae as well - people have so much fun doing that!

Something people don't realize about your business?

Food trucks use a LOT of disposables and we proudly carry plant based compostable plastics. Every item we serve on the truck can be composted - dishes, spoons, cups, napkins, even our logo stickers!
