

Consolidated Communications

Rep?

Alissa Stevens, Senior Account Executive

How long in business?

130 years!

Primary business/service offered?

Whether you need blazing fast fiber internet, advanced SD-WAN solutions, robust security measures, cloud-based services, unified communications, or reliable Wi-Fi, we have the perfect solution for your business and will work with you to create a customized approach.

What makes your business special?

Consolidated is turning technology into solutions and rooted in YOUR community. Invested in fiber-based technology, Consolidated is a Top 10 US Fiber Provider and an industry leader with over 63,000 fiber route miles, 9,130 miles being in Maine alone.

Best thing you sell/serve/do?

Understanding your business and shaping solutions tailored to Maine's unique needs.

Something people don't realize about your business/services?

For over a century, we've been innovating alongside you, right here in your community. As your neighbors and partners, we understand your evolving needs and are dedicated to building a sustainable future together.
