

# SPOTLIGHT

a weekly feature of the Kennebunk-Kennebunkport-Arundel Chamber of Commerce

## KW Contemporary Art

### Owner?

Kiersten Wilcox

### How long in business?

4.5 years

### Primary business/service offered?

Art gallery.

### What makes your business special?

We're all about creating a personal, welcoming space where art truly connects with people. Our gallery showcases a blend of classic luxury & modern coastal charm. We know finding the right piece is deeply personal, so we make it easy, offering virtual mockups, FaceTime consults & even sending works on approval for clients to see pieces in their own space. KW is more than an art gallery—it's a place where creativity meets connection & every piece has a story waiting to resonate with you.

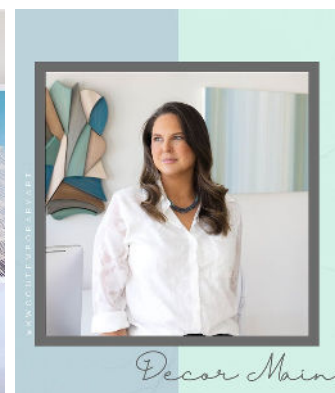

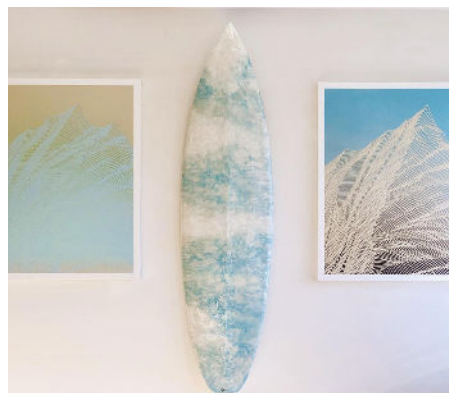

### Best thing you sell/serve/do?

We take pride in showcasing exceptional artists whose work embodies both quality & vision. We're committed to quality & artistry, presenting a thoughtfully curated selection where every work speaks to the passion, skill & unique perspective of its creator.

### Something people don't realize about your business/services?

We're excited to announce our new Art Curation Program, offering clients the chance to transform spaces with curated art selections on a flexible, rental basis. This program allows clients to enjoy a rotating collection of artwork. With flexible rental options, we're thrilled to make exceptional art more accessible without a long-term commitment.
