

Mile Fly Club Aerials

Owner?

Tim Estey

How long in business?

10 months!

Primary business/service offered?

Real Estate Media

What makes your business special?

I love working with people. I have over 15 years of customer service experience. I don't have to sell: my work sells for me. That's pretty special in my book.

Best thing you sell/serve/do?

Real estate media specialist. I do it all. One stop shop and part 107 certified. Best thing, at least what I always strive for, is making the lighting/agent stand out. I'll always do my best. I love working together to be creative. I'm glad I went into business for myself to do this.

Something people don't realize about your business/services?

My business is a play on words. I also started out just doing dronework. Some people aren't aware that I also take (in my humble opinion of course) pretty great pictures. Also, reels are pretty huge. I'm always filming in vertical.
