

SPOTLIGHT

a weekly feature of the Kennebunk-Kennebunkport-Arundel Chamber of Commerce

RHRdesigns

Owner?

Rachael Ryan

How long in business?

Officially in business for 6 years, but I've been making jewelry since high school.

Primary business/service offered?

Fine handcrafted jewelry and permanent jewelry services.

What makes your business special?

I design and create all my work in my home studio and offer my work online and at various artist markets and fine craft fairs throughout New England. Since I do not have the overhead costs of a permanent retail location I feel I can offer my jewelry at a fair price.

Best thing you sell/serve/do?

I have a passion for working with pearls and semi-precious stones and I enjoy working with individual clients to create one-of-a-kind custom pieces for them.

Something people don't realize about your business?

I am somewhat of a regular at the Kennebunk Artisans Market and am there a majority of the Saturdays throughout the summer season. I offer permanent jewelry services at the market as well. What I don't think people realize is that my permanent jewelry equipment is mobile, so I am available to offer that service for private events. I have had the opportunity to bring permanent jewelry to bridal parties and showers, "girls night out" and even a baby shower.
