## Mainely Experiences

### How long in business?

We opened in Fall 2024.

### Primary business/service offered?

Mainely Experiences is a boutique event and concierge company based in Maine, specializing in luxury celebration picnics designed for unforgettable occasions—bachelorette parties, engagements, corporate gatherings, family game nights, twilight stargazing, and intimate events. We also curate one-of-a-kind experiences and personalized adventures for both locals and visitors seeking to discover the magic of Maine in a truly unique way.

### What makes your business special?

Our personalized touch is what makes us special—every event, picnic, and tour is thoughtfully curated to reflect Maine's natural beauty while creating unforgettable, meaningful moments tailored to each guest's style, story, and celebration.

### Best thing you sell/serve/do?

The best thing Mainely Experiences does is transform ordinary moments into extraordinary memories—whether it's a dreamy beach picnic, a magical kids' sleepover, or a custom-curated Maine adventure, everything is designed with heart, creativity, and local charm.

### Something people don't realize about your business/services?

Mainely Experiences isn't just for tourists—locals can also book unforgettable celebrations, personalized events, and custom Maine experiences right in their own backyard; making everyday moments feel like a special getaway.
