

# SPOTLIGHT

a weekly feature of the Kennebunk-Kennebunkport-Arundel Chamber of Commerce

## South Congregational Church

### How long in business?

187 years! SCC was founded in 1838. We recently celebrated the 200<sup>th</sup> anniversary of the building!

### Primary business/service offered?

A Congregational Church where all are welcome.

### What makes your business special?

We have a legacy of being present to the community in service, welcome, justice and love, and we are always seeking God's fresh vision for us. We strive to make faith real and relevant. What this means is that no matter who you are, where you are on life's journey, you are welcome. Whether you grew up in church, have never been particularly religious, or are just starting to explore spirituality, we welcome you to our community of wonder and joy.

### Best thing you sell/serve/do?

South Congregational Church is an open and affirming congregation.

### Something people don't realize about your business/services?

We are thrilled to announce a new grant and community project, Bless! "Bless" is a series of educational events. Bless will enable people from our church and our community to understand the rich history and effective language of blessing and be able to offer blessings to one another. We aim to empower our congregation to bring the "joy and wonder" of our church community into a living and ongoing relationship with the lives of people in the Kennebunks.

Join us as we joyfully grow our church's capacity to be a blessing in the Community and for you to grow in a universally appreciated way of blessing others. All are invited to join the upcoming Bless events.
