

SPOTLIGHT

a weekly feature of the Kennebunk-Kennebunkport-Arundel Chamber of Commerce

Coastal Maine Hike and Bike

How long in business?

17 years!

Primary business/service offered?

Bicycle and e-bike rentals, plus guided biking and hiking tours.

What makes your business special?

Our people make us special. Our engaging and knowledgeable local guides make every tour a fun and informative experience to remember for visitors and locals, alike. And our shop personnel ensure that every renter feels comfortable and safe on their bikes and heads out with more than a few ideas about where to pedal them.

Best thing you sell/serve/do?

Whether by e-bike or conventional pedal bike, our daily coastal tours (9 a.m. and 2 p.m.) are terrific starting points for vacations in the Kennebunks. Guests experience all the area highlights -- the beaches, scenic seascapes, historical sites -- from atop breezy, easy cruiser bikes or e-bikes, led by attentive and endlessly entertaining local guides.

Something people don't realize about your business/services?

In addition to our daily tours, we offer specialty themed bike, e-bike, and hiking tours throughout the week. These tours are designed to take guests to another level of local experience, exposing them to fascinating, off-the-beaten path landmarks and hidden gems. Specialty tours include a 25-mile Lobster Roll E-bike Adventure and our Transportation Immersion Tour, which includes behind-the-scenes stops at the Landing School of Boat Building and Design and the Seashore Trolley Museum.
