

SPOTLIGHT

a weekly feature of the Kennebunk-Kennebunkport-Arundel Chamber of Commerce

Paula in Stitches

How long in business?

20 years!

Primary business/service offered?

Custom sewing services & lessons.

What makes your business special?

Creating custom-made costumes and clothing. Through years of experience in fashion and theatrical productions, I can work with any textile or medium to develop the best design that suits your needs.

Best thing you sell/serve/do?

One of my favorite clients are the ones who bring me a garment with sentimental value (like a father's button-down shirt or a grandmother's old wedding dress) and would like me to make a memory bear or photo album out of it. Or perhaps it's one of their own garments that they love so much they want me recreate more of them. I can look at a garment, photo, or a drawing and recreate whatever it is my client is looking for.

Something people don't realize about your business/services?

In addition to garments and crafts, I make soft furnishings like slipcovers, cushion covers, and pillows (including foam/batting replacement).
