a weekly feature of the Kennebunk-Kennebunkport-Arundel Chamber of Commerce

## DapperTails Mobile Pet Grooming of Southern Maine

### How long in business?

Dapper Tails has been operating for over 9 years nationally, and we are thrilled to be serving the Southern Maine community.

### Primary business/service offered?

Luxury mobile pet grooming for dogs and cats.

### What makes your business special?

We bring the spa experience directly to your doorstep. Our state-of-the-art grooming vans are fully self-contained, climate-controlled, and eco-friendly. What truly sets us apart is our commitment to a stress-free environment; we provide one-on-one attention without the noise and anxiety of a traditional salon.

### Best thing you sell/serve/do?

Our "Full Spa Treatment." This is a comprehensive, premium grooming session designed for both comfort and style. We use sulfate-free, pH-balanced formulas that preserve your pet's natural oils and protect their skin barrier. The service includes a therapeutic massaging bath, breed-specific styling, a tear-free berry facial, and nail grinding — providing professional-grade results with the ultimate convenience of never leaving your driveway.

### Something people don't realize about your business/services?

We are completely self-sufficient. We don't need to plug into your home's power or water. Also, because we don't have other animals in the van, we are the perfect solution for senior pets or those with high anxiety who may struggle in a traditional shop setting.
