

# SPOTLIGHT

a weekly feature of the Kennebunk-Kennebunkport-Arundel Chamber of Commerce

## Modment

### How long in business?

We opened in 2023!

### Primary business/service offered?

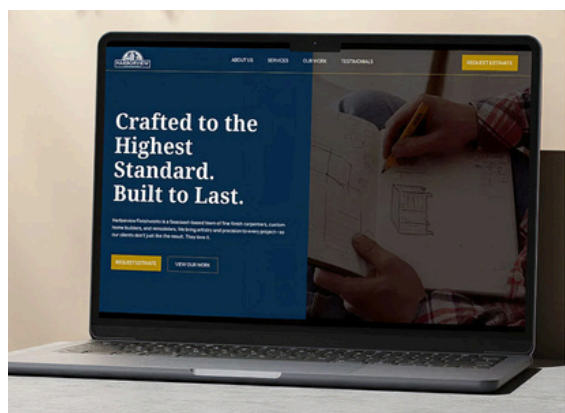

Web design, web development, graphic design (both print and digital) and brand design.

### What makes your business special?

Modment makes design and development feel approachable, not overwhelming. When clients partner with us, we become an extension of their team—bringing technical skill, creative vision, and research-driven decision-making to every project. We understand that working with us is a reinvestment in their business, so we focus on delivering the strongest possible return, while having fun along the way! We elevate how brands and businesses show up online and transform bold ideas into solutions.

### Something people don't realize about your business/services?

Something people don't always know about Modment is how much heart and intention goes into every project. We treat each client as a true partner and stay fully invested in their success. Whether a business is big or small, they receive the same level of care, attention, and support—along with a process that's fun, collaborative, and genuinely stress-free.

### Best thing you sell/serve/do?

The best thing about Modment is the way we blend technical expertise, creative vision, and thoughtful strategy to produce premium work that strengthens your business. We pair a fun, friendly approach with meticulous precision, keeping the process smooth while delivering with exceptional detail.
