

SPOTLIGHT

a weekly feature of the Kennebunk-Kennebunkport-Arundel Chamber of Commerce

The Baby Booth 3D Ultrasound Studio

Owner?

Kaleigh Magri

How long in business?

We've been in business for 2 months.

Primary business/service offered?

Elective Prenatal Ultrasound Studio

What makes your business special?

The Baby Booth 3D Ultrasound Studio gives parents-to-be the opportunity to begin bonding with their baby before they arrive. Using advanced technology, we offer an experience that wouldn't be possible otherwise – and nothing brings us more joy than seeing the excitement and love it brings to families.

Best thing you sell/serve/do?

The Baby Booth 3D Ultrasound serves the prenatal community. It's an exciting time for parents-to-be and provides the opportunity to obtain an elective ultrasound in a non-medical environment. It provides a family friendly comfortable atmosphere where all are welcome to share in the experience.

Something people don't realize about your business/services?

We offer 2D/3D/4D ultrasound services beginning at 10 weeks gestational age to full term pregnancy depending on what the client desires. Children and extended family are always welcome in the office. We can also record your babies actual heartbeat and put it into your stuffed animal of choice.
