What makes your business special?

Pawfections Pet Salon has proudly served the community since 2011, offering award-winning, one-on-one dog grooming in a calm, stress-free environment. We blend decades of professional experience, veterinary assistant-informed care, and a focus on skin and coat health to deliver personalized, gentle grooming that prioritizes pets' comfort and well-being. Our team is Pet CPR and First Aid certified and our strong commitment to continued education and industry leadership sets us apart, ensuring consistently high standards of care for every dog we serve.

Best thing you sell/serve/do?

We specialize in individualized grooming that prioritizes each dog's comfort, safety, and overall well-being. From breed-specific cuts and luxurious baths to premium coat care and creative grooming, every service is delivered with patience, expertise, and attention to detail — never rushed, and never one-size-fits-all.

Something people don't realize about your business/services?

Pawfections is closely connected to grooming education and industry leadership beyond the salon. The grooming industry is constantly evolving with new techniques, safety standards, and advances in skin and coat care. Our owner founded the Maine Professional Pet Groomers Association (MPPGA) and hosts advanced seminars through the Groomer's Speakeasy Institute, bringing in top national industry educators. This ongoing education directly benefits our groomers at Pawfections, ensuring our team stays current, confident, & equipped to provide the safest, highest-quality care for every dog.
