

KENNEBUNK-KENNEBUNKPORT-ARUNDEL CHAMBER OF COMMERCE

# THE ANCHOR

APRIL 3, 2026

## Spring ahead!

From April 1 through 4, the Brick Store Museum proudly presents Art Blooms!, a special four-day event where the community is invited to witness the museum's galleries transformed by live floral interpretations of pieces in its art collection. The centerpiece of this year's celebration is the museum's newest exhibition, "Technicolor Bloom: Color and Form in Springtime." This curated selection of artworks from the permanent collection captures the raw energy, beauty, and fresh beginnings of the season.

To elevate the experience, local community florists, floral designers, museum volunteers, and garden clubs have been invited to select specific works from the exhibition and create "interpretive" arrangements. These floral displays act as a living dialogue with the art, translating brushstrokes and sculptures into petals and greenery.

- Four Days Only: The floral displays are ephemeral and will be on view through Saturday, April 4.
- Community Creativity: Featuring designs from professional florists and talented community members.
- Accessible to All: Entry to Art Blooms! is included with the cost of regular museum admission.

Museum Members are invited to a special Members Meetup on Thursday, April 2, from 4:00 PM to 6:00 PM. This special evening offers a viewing of the floral displays, providing members the opportunity to mingle and discuss the works with fellow art and garden enthusiasts.

Plan Your Visit:

- Art Blooms! Runs April 1 through 4 at the Brick Store Museum at 117 Main St. in Kennebunk.
- The show is included with regular admission; Free for Museum Members.
- For more information on the show and the artists included, please visit [www.brickstoremuseum.org](http://www.brickstoremuseum.org).

### EARTH DAY AT WELLS RESERVE

Join us at the Wells Reserve for a community Earth Day celebration! Start the day off with a beach clean-up on Laudholm Beach. Back on campus, enjoy nature crafts, seed-planting, and a special Within the Whale experience. 10am-12pm: Beach Clean-Up We will meet at the gazebo to walk to the beach as a group. 12pm-2pm: Engaging Earth Activities

Pollinator Scavenger Hunt, Seed Planting with Maine Master Gardeners, Leaf Printing, Earth Pledges

1-2pm: Within the Whale (weather dependent)

Step inside one of the ocean's most important animals! Within the Whale is an immersive experience offering participants the chance to explore the inside of a life-size inflatable humpback whale and discover how whales support healthy oceans and a thriving planet.

This event is free with site admission. Preregistration is not required.
