## Eastern Propane & Oil

### How long in business?

We've been in business since 1932!

### Primary business/service offered?

Eastern is a full-service propane and oil company serving New Hampshire, Maine, Massachusetts, Rhode Island, and Vermont. By using the best delivery technology available and providing 24/7/365 service, Eastern is always there when you need us for propane and oil.

### What makes your business special?

Eastern has built a strong foundation through community events, local charities, and industry organizations. Why? We live here too, and care about our customers, friends and families. Whether we're sponsoring local little league teams, supporting critical programs in music and the arts, or making the life of someone less fortunate a bit easier, Eastern wants to fuel good.

Propane & Oil Since 1932

### Best thing you sell/serve/do?

We take great pride in supporting our local hometown heroes. Through meaningful partnerships with organizations like Veterans Count and Disabled American Veterans, we give back in a tangible way—donating a penny for every gallon of propane delivered by our unique partner branded trucks. In addition, we offer exclusive fuel discounts to those who serve our communities, helping ensure that veterans and first responders feel the appreciation they deserve every day.

### Something people don't realize about your business/services?

We're not just keeping homes warm in the winter; we're helping power backyard barbecues, pool heaters, outdoor kitchens, and even fire pits when the sun goes down. Propane makes it easy to turn your home into a summer hangout spot.
