

# SPOTLIGHT

a weekly feature of the Kennebunk-Kennebunkport-Arundel Chamber of Commerce

## Poseidon Irrigation

### Owner?

Bob Koteles

### How long in business?

Started in 2019. This will be our 8th season servicing properties and businesses in the area.

### Primary business/service offered?

Irrigation design, installation, service and maintenance. Backflow device testing and landscape lighting.

### What makes your business special?

We are truly family owned and operated. We pride ourselves on going above and beyond and creating long-lasting relationships with our customers.

### Best thing you sell/serve/do?

We excel at designing and installing irrigation systems that are of the highest quality and most water efficient. Focusing on water conservation at the initial design allows our customers to benefit from greater water savings.

### Something people don't realize about your business/services?

Aside from our irrigation services, we also design, install and service landscape lighting systems. Many of which can be seen while driving at night throughout the community. Even though irrigation is our main focus, we thoroughly enjoy any and all opportunities to bring clients landscapes alive at night.
