

# SPOTLIGHT

a weekly feature of the Kennebunk-Kennebunkport-Arundel Chamber of Commerce

## Community Outreach Services

### How long in business?

35 years and counting!

### Primary business/service offered?

We provide food, fuel, and essential needs assistance to our neighbors facing hardship in Arundel, Kennebunk, and Kennebunkport.

### What makes your business special?

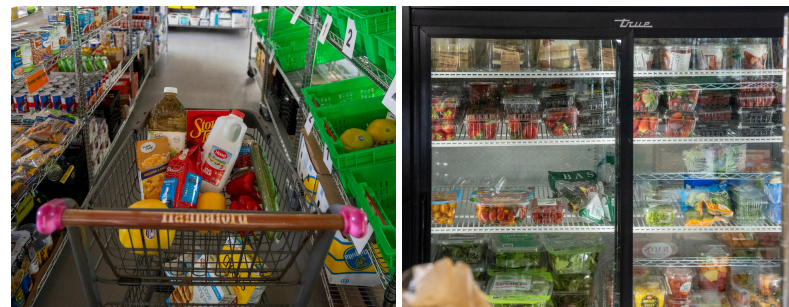

Community Outreach Services (COS) is marking its 35th Anniversary this April with both celebration and renewal. As the organization honors decades of service, it is introducing a refreshed look with a new logo and branding—highlighting its continued growth and commitment to meeting community needs for years to come.

### Best thing you sell/serve/do?

COS provides food for over 100 individuals and families every week. We follow a personalized model, with a volunteer working alongside each neighbor to select items from the pantry. This approach allows our neighbors to choose the food they want and need for the week ahead.

Neighbors Helping Neighbors

### Something people don't realize about your business/services?

COS embraces a food rescue and management program. Generous local businesses donate bread and baked goods, offering our neighbors special items, while any surplus food is shared with nearby pantries in Biddeford and Alfred, supporting neighboring communities.
