Primary business/service offered?

Real Estate

What makes your business special?

I pair market knowledge with a solid background in media and marketing to give my clients a modern, strategic edge. I understand how to position homes effectively, communicate clearly and advocate confidently on behalf of my clients.

Best thing you sell/serve/do?

I try go above and beyond for my clients throughout the process whether they are looking to buy, sell or invest. The main goal is to make the process as smooth as possible while being very detail oriented and focused.

Something people don't realize about your business/services?

In addition to Maine, I also provide real estate services in Massachusetts.
