

SPOTLIGHT

a weekly feature of the Kennebunk-Kennebunkport-Arundel Chamber of Commerce

Zac Kellett Realtor

How long in business?

I have been a real estate agent since 2023.

Primary business/service offered?

Real estate agent with Coldwell Banker.

What makes your business special?

As a Kennebunkport native with deep-seated roots in the community, I bring a lifetime of local knowledge and connections to every client I serve. My family's history is woven into the fabric of the town. My grandmother was a pillar of the Kennebunkport community, owning the beloved Lobster Pot Restaurant along with several local clothing stores. She also dedicated years of service to the Kennebunkport School Board, reflecting her commitment to giving back to the town she loved.

Growing up in this environment gave me a genuine appreciation for the people, neighborhoods, and traditions that make Southern Maine such a special place to live. Today, I combine that hometown perspective with a strong work ethic and a commitment to helping buyers and sellers navigate the real estate process with confidence.

Best thing you sell/serve/do?

I combine local sales data, neighborhood insight, and current buyer demand to help sellers price their homes confidently and avoid costly mistakes.

Whether you're just curious or planning to sell in the next year, I'm happy to provide a clear, no-pressure opinion

Something people don't realize about your business/services?

Before becoming a real estate agent, I built and operated a successful local landscaping company serving hundreds of clients throughout the Maine and New Hampshire Seacoast. This helped me learn valuable hands-on property knowledge I carry with me throughout the real estate process.
